

Beijing, China bin colours

Verified 2026-08-10 | wastespot.com/bin-colours/beijing/

Use the printed label and local service instruction together with colour. Colours are not globally standardised and collection rules can change by neighbourhood or operator.

Green - Kitchen waste

Separated perishable food and kitchen waste after draining

Scope: Beijing municipal household-waste classification

Blue - Recyclables

Waste paper, plastic, glass, metal, electronic waste and fabrics accepted by the system

Scope: Beijing municipal household-waste classification

Red - Hazardous waste

Specified hazardous batteries, fluorescent lamps, thermometers, medicines, paint, solvents and pesticides

Scope: Beijing municipal household-waste classification

Gray - Other waste

Household waste that is neither kitchen, recyclable nor hazardous waste

Scope: Beijing municipal household-waste classification

Before you use this guide

1. Confirm the guide applies to your municipality, neighbourhood or operator.
2. Read the label on the actual container or bag.
3. Keep batteries, electronics, chemicals and special waste out of ordinary household streams.
